- Seat Wall (Sheoak in Bark)
- Square Cushion (Fossil in Bark)
- Lumbar Cushion (Sheoak in Bark)

Vast sweeping plains and monolithic rock formations, undulating sand dunes and shadowy she-oak groves – the beauty of our ancient Australian landscape inspires **TERRA** by **KATE NIXON**. A new collection of performance fabrics designed for outdoor furnishings and high-traffic indoor areas, exclusively available through Elliott Clarke showrooms.

The collection of seven woven patterns draws inspiration from the rich patination of Australia's diverse landscapes, earthy tones and layered textures are designed for timeless durability. A natural palette of nuanced hues reflects textural tones and gentle contrasts - from limewashed smudges of Chalk and Flax, to rolling clouds of Flint, Gravel, Silt and Mist; dusty shadows of Sable, Bark and Graphite, to ocean waves of Basalt, Slate and Seafoam, and flitting shades of Moss, Rust, Ginger and Dune.

Home is central to the KATE NIXON brand, a company synonymous with award-winning interiors and everyday joy. Embracing the seamless flow of indoor-outdoor living, the collection is polished and practical, classic and comfortable, equally at ease with elegant entertaining and everyday family life.
