SCALA BLUSH

GESO ATLANTIC

IMPASTO CHARCOAL

GRECO-ROMAN COLLECTION

Greg Natale presents an evocative new range of fabrics in collaboration with leading textile house Elliott Clarke. Inspired by classical architecture and cast through a contemporary lens, these beautiful designs will add an opulent layer of colour, pattern and texture to any room.

Seven different designs feature patterns from the stylised to the subtle. Geometric lines appear in the repeated arches of Palazzo, the intricate squares of Hellenica and the cascading steps and columns of Scala. Organic forms define the marble-like swirls of Marmaro and painterly brushstrokes of Impasto, while Gesso and Cemento reveal a softer, more textural effect.

In colourways of Atlantic Blue, Blush, Mustard, Wine, Charcoal and Milk, these fabrics are ideal for cushions and upholstery, bringing an expressive new aesthetic to modern interiors.
